RISE ABOVE IT IN JAPANESE

[The following communication was received from Japan by the Rev. Ray Silverman]

I would like to release your textbook *Rise Above It* in Japanese on the web, and wish to spread the activity of [the commandments] across my country.

[This website is organized by the General Church group in Tokyo. The address is provided below:

All of the book is translated into Japanese.

One month ago, I translated your opinion on *The Da Vinci Code* into Japanese to deliver to Japanese people. I am deeply impressed by your forward-looking and well-chosen opinion.
