

HOW DOES THE LORD PROVIDE?

The Children of Israel are finally free from the Egyptians. The Children of Israel are so happy that Moses and the people sing a song of praise and Miriam dances. However, it isn't very long before they begin to complain. How did the Lord answer their complaints? He provides for them, just as He provided for their release from Egypt. In the boxes below, illustrate the different ways the Lord provided for the people as they journeyed to Mount Sinai.

The Lord turned the bitter water into sweet water.

The Lord provided manna and quail for food.

The Lord caused water to come out of a rock.

The Lord helped in the battle with Amalekites.
