

Working on Marriage

This can be done at any stage, whether you are currently married or not.

1. Read the Lord's Word to better understand His ways.
2. Obey the Lord's commandments.
3. Reject whatever influences oppose the ideals of marriage.
4. Serve the neighbor with the talents the Lord has given you.
5. Pray for the Lord to bless your marriage, making it a lovely partnership with one. (This can be done at any time.)
