

BE ASSURED THAT THE LORD IS LEADING YOU

“The Lord's Divine providence is most specific and most universal in connection with marriages and in its operation in marriages, because all delights of heaven flow from the delights of conjugal love, like sweet waters from a gushing spring” (Conjugal Love 229).

Looking back, can you see ways that the Lord was leading you to find your marriage partner? If you are unmarried, can you see ways the Lord is preparing you for marriage? The Lord takes every opportunity to lead people closer to Him and marriage partners closer to each other. You may find that challenging times in your life have actually been helpful in bringing you closer to friends or to your marriage partner.

Reflect on your life to notice and appreciate the ways in which the Lord has been leading you. Be assured that if you do your part in looking to the Lord and obeying His commandments, in your heart as well as in your outward life, He *will* give you the heavenly happiness of conjugal love.
