

NUNC LICET TEMPLE

A NEW CHURCH DAY DECORATION

Cut out and assemble this 3 dimensional temple and then use as a table centerpiece, for display above or beside the Word in your home or on top of a "birthday cake" to celebrate New Church Day.

Instructions: First cut out the temple, keeping it all in one piece. Then fold the walls of the temple, the base, and the tabs. Fold the golden walls of the temple and tape tab C to the inside edge of the far wall, so that only the golden color is showing. This makes the square temple. For stability, fold the base and tape tabs A and B to lower inside edge of the adjacent walls.
