

O give thanks unto the Lord!

What are you thankful for?

Make a picture of the Lord in the center of the circle for everything good is from Him alone!
Now draw or write one thing in each section of the circle, saving the top section for something extra special like the Word or heaven.

If you like, you can use each of the sections to picture something the Lord created on each of the first six days of creation. Reserve the top section for the Word or heaven or a church, for the Lord wants us to focus on heavenly things on the Sabbath—the day of rest.
