

Lighting the Lampstand

Set out 7 oil lamps, tea lights, or candles in candlesticks. Let each person choose a quote from the Word to read aloud. These quotes should be something that can help us see how the Lord wants us to love Him and help our neighbors. Take turns reading a quote from the Word and then lighting one of the lamps or candles. Then take a minute to discuss the meaning of this quote or it applies to our lives. Repeat until all of the candles are lit (even if someone has to take more than one turn).

Variation: Coloring the Lampstand

Draw a picture of the lampstand with its seven branches. Then share a loving message that the Lord tells us in His Word and color an orange flame above one lamp and a yellow glow around it, when. (You may want to write this message or the reference below the drawing of the lampstand.) Repeat until you have “lit” all of the lamps.
