

The Protection of the Eye Illustrates the Lord's Care

The Lord wants to protect you from all that would harm you. The marvels of the human body illustrate the Lord's care. Take, for example, the protection of your eye.

Think about what each of these do to protect your vision.

- a. eyelid
- b. eye lashes
- c. eye brows
- d. facial bones
- e. iris
- f. tear glands
- g. membrane over eye

With the Lord taking such care in creating the human body so that it is well-protected, just imagine how much He cares for your spiritual well-being!
