

THE LORD PROTECTS US WITH THE LIGHT OF TRUTH

The Lord protects people by means of Divine truth, surrounding those who are receptive of His truth with a sphere of light (see Apocalypse Explained 395:2).

One of the ways the Lord protects us is by giving the truths of His Word to guide us. If we love and obey His truths, this helps protect us. In the spiritual world, the protection of truth might actually be visible as light around us. We hope that this project will help you picture the way truth from the Lord's Word can protect you.

- ◆ Illustrate this idea by making a picture of yourself with the glow of light around you. Use a yellow highlighter or a yellow crayon to show the light surrounding you.

- ◆ Another way to illustrate this idea is to make a picture of the Word above the picture of yourself. Then make rays of light coming from the Word. You may want to make the rays of light with golden glitter. A yellow highlighter or yellow crayon could be used instead.
